

PRODUCTION OF A "SAZ"

00:14

"Saz" is a unique Turkish stringed musical instrument.

00:17

"Saz", is made from wood. It is not easy to produce it.

00:28

In the workshops, the masters pass their experiences to their apprentices. And the apprentices have to do things which will make their masters glad.

00:44

The masters are very very finical. They work with great care on the cage his apprentice made and choose the most

appropriate handle. In order to make the it the most excellent instrument, the masters work on the "saz" carefully without missing any detail. Since each "saz" is hand made, there is not another example of each one in the world.

02:59

One of the most important features of a "saz" is to put on the strings and to tune it.
