

1.08 RTM - SNAKE DICE

SCRIPT

- 00:00:16 All children know this game which is a square shape of different colors. Mongolians changed this game, using traditional gist and making it in a special form. You can see this. At present it is called "Snake Cube".
- 00:00:46 It is easy to make this game. Cut the wood in 1:1 cm. cubes.
- 00:01:11 You need to make a hole in the center in order to connect the cut wooden cubes.
- 00:01:30 Clean the outside of the cubes with the holes.
- 00:01:48 Then paint the cubes any color.
- 00:02:03 When the paint is dry, connect the cubes between them and the gist game is ready to play.
- 00:02:26 This game will greatly contribute to the development of children's intelligence and psychology.
