

Bamboo tools

	Timecode in	Timecode out	Subtitles
1	04 : 14	04: 20	Ha Tay – a rural area in the north of Vietnam is named province of hundreds handicrafts because there are many traditional handicraft villages like silk making, embroidery, hat making villages e.g.
2	04: 28	04: 38	Especially, there are 18 handicraft villages making bamboo products.
3	04: 38	04 : 49	Hundreds years ago, in the country, these villages were considered first handicraft villages where bamboo products were made.
4	04 : 54	05 : 00	Though material for these products can be cane, palm, e.g. from the woods, but they are mainly made from bamboo.
5	05 : 01	05 : 07	Firstly, we strip a bamboo of its bark.
6	05 : 08	05 : 28	These tools can not be missed in making bamboo products because it helps us to make a long and durable bamboo strips.
7	05 : 28	05 : 33	Products are made by skillful hands.
8	05 : 33	05 : 39	Handicraft makers should also initiate variety of products.
9	05 : 59	06 : 06	To have a nice product it should be smoked in order to be protected from mould and wood worms.
10	06 : 06	06 : 12	Its color can also be made by warming it up several times.
11	06: 45	06 : 59	The last step is covering products with silken oil.
12	07 : 02	07 : 09	And here we have very nice and original bamboo products.
