

CLAY CRIB

9:02 Clay.

9:07 Can you imagine what will become of this lump? Hold on a moment, and you will see a crib being created in front of your very eyes.

9.12 Mrs. Živa is making Mary's body.

9.23 And what will this be?

9:32 The body of little Jesus.

9:37 Now the lady is making the heads.

10:20 Decorations also have to be made, both for Mary and Joseph alike.

10:35 Mrs Živa uses a special type of clay for the hair.

10:50 St. Joseph also needs a beard.

11:07 A veil for Mary and the holy family is complete. The holy family is the basis of each crib, and then various other figures can be added, such as the angels, shepherds, sheep...

11:32 All figurines have to dry through and through. Then Mrs. Živa puts them into a kiln, where they are exposed to high temperature, so they become firm and hard.

11:53 Look at these cute figurines! Such a crib can really make our Christmas holiday special.
