

TITLE: A Donkey Cart Ride.

Target Audience: 7 - 14 yrs

V/O 1

Chores! Do they ever end?
Going to fetch some water isn't fun at all,
especially when it comes to carrying the bucket
on your head.

V/O 2

Today I 've visited my Grandmother at the
village and I am going to learn to fetch water
riding on a donkey cart.

V/O 3

For starters, my brother and I need to go and
separate the donkeys we need for the cart.

V/O 4

Here is our beautifully handmade donkey cart!

V/O 5

My Uncle is going to help us put a harness on
the donkeys.

Harnessing the donkeys is quite a job, but my
brother says it's very easy.

I guess he says so because it's a boy's thing.

V/O 6

We are done now!

It's my turn to ride on a donkey cart

Can you believe it?

But I am so...scared!

V/O 7

No reason to be scared now....my brother is taking control of the donkeys
You see! It's very nice now
We are cru....ising!!A donkey cart ride is not frightening as I thought.

V/O 8

It is quite a way, but finally we arrive at the water tap
We are suppose to fill all our water containers
This is so interesting! I can see the water filling up.

V/O 9

It was quite a journey....an adventurous one!

V/O 10

Well-done guys.

It is now time for you to go find something to eat.
