

## THE DENİZLİ COCK

- 00:06 “Good morninnngggg!!!!”  
They wake up earlier than anyone in the morning.  
They start to a very long crow as if they are saying,  
“Wake up all of you, I woke up”. People who like  
sleeping, don’t want to hear this sound. The only cock  
manage to wake up everyone is the “Denizli Cock”.  
Because there is no other cock in the world that can  
crow as long as him.
- 00:32 He has strong feet, glamorous feathers and a crimson  
comb.
- 00:40 Of course, the most important characteristic is his  
crow, which last about twenty-two seconds.
- 00:53 The homeland of the “Denizli Cock” is the city of  
Denizli in Turkey. This species is taken under protection.
- 01:05 The “Denizli Cock” likes to struggle so much.  
Just like in all pens, there is a battle of being the most  
strong one, too. The one who wins this battle will be  
the leader of the pen.
- 01:47 Are you still sleeping?
