

Feeding tour

00:01	Today, we're going to feed some animals, and this egg – is for Willi.
00:07	And all this food is for the other animals ...
00:17	Mustn't forget something for them to drink,
00:21	and off we go!
00:32	The mouflon sheep are already waiting impatiently
00:36	They know when it's time for their food.
00:42	We've got concentrated feed for them, with maize.
00:48	Hey – steady on!
00:54	Now it's the turn of the sika stags.
01:06	They've seen us.
01:15	The sikas are shyer than the mouflons.
00:00	But... they're really hungry!
01:21	We're trying to lure them to us.
01:30	Great! They're keeping really still now!
01:38	Winter has just ended, and they've still got very soft fur.
01:48	They eat concentrated feed too...
01:53	They don't like my egg – but that's for Willi!
02:02	There he is!
02:07	Willi's a racoon. And he's always starving!
02:14	The racoons have got a real feast of food.
02:19	With fruit.
02:25	Mmm... A banana.
02:34	And Willi – can now have his egg.
02:42	That's his favourite food.
02:45	Wutz and Wanja prefer to eat fruit!
02:54	Only Willi likes eggs! Enjoy your meal, Willi!
