Time In Time Out

01:04:01

- If I had a pet...

01:04:01

01:04:05

- The first thing I'd give him would be parts of the animals I like the most.

01:04:17

01:04:18

- He'd have the head of a lion.

01:04:32

01:04:36

- The body of a reptile, rabbit ears and a horse's tail.

01:04:37

01:04:40

- I don't think these crocodile legs will let him run fast.

01:04:42

01:04:44

- Ostrich legs are better.

01:04:45

01:04:48

- Yes, go I can arrive faster everywhere

01:04:51

01:04:53

- What else would I like?

01:04:53

01:04:54

- For him to speak many languages.

01:04:54

01:04:58

- And know all the maths in the world, so he would help me on exams.
