In every village in Botswana, I help in doing one thing or the other.	10:09:47:05 -- 10:09:53:10
Why do they call dogs man's best friends? I think I should be the one called man's best friend. I have been a man's helper in so... many different ways over the years. It's not that I am complaining... No No No! I like my job but some things should not go unnoticed.	10:09:55:13 -- 10:10:21:08

You See, I transport goods and even people to different places, to others I act as a family car.	10:10:24:05 -- 10:10:33:24

Some people prefer to ride on me when they race for competitions. I give out cool rides!	10:10:47:00 -- 10:10:59:07

I also help out a lot during ploughing times, especially to those who don't have tractors. But pulling the plough is h.a.r.d work!	10:11:10:00 -- 10:11:22:00

Later, Aaah! Bathing on the ash. My favourite! It helps me relax and stretch my muscles. I think you now agree with me when I say... I should be called "man's best friend".	10:12:01:12 – 10:12:38:20
