GPS MICHOACÁN	Time in	Time out
Locators on, at 19 degrees north and 100 degrees west where you find a cool place.	1:03:12:00	1:03:20:00
It's a forest in the State of Michoacán, the sanctuary of the Monarch Butterfly.	1:03:21:00	1:03:25:00
Twenty million butterflies come all the way from Canada looking for warmer weather just like the one in Mexico. It's one of the most amazing migrations of the animal world.	1:03:27:00	1:03:35:00
These butterflies fly almost 120 km (75 miles) to cover more than 5,000 km (3,110 miles) guided by a mysterious magnetic radar system.	1:03:36:00	1:03:44:00
They feed in these forest and they also reproduce there painting the scenery bright orange.	1:03:45:00	1:03:50:00
You can enjoy this natural show during the winter before the butterflies fly back north.	1:03:51:00	1:03:57:00
A wonder of the world revealed in Mexico.	1:03:59:00	1:04:03:00
