

Houdini

- 00:05:01 There is perhaps more between heaven and earth than we can explain. It may come in the form of a mysterious sea serpent, messages from ailiens, a sinister neighbour or incredible magicians
- 00:05:17 Just like Houdini. He was a very mysterious man because he did so many inexplicable things.
- He became known as the greatest magician of all times.
- 00:05:31 From when he was a little boy, Houdini loved magic. So he started to perform in front of his neighbours at the age of nine. His greatest wish was to become a famous magician.
- 00:05:46 But his family was poor. They needed money - and Houdini had to forget his dream and start working instead.
- 00:05:56 But Houdini was not a boy that gave up easily. So he started travelling around with his own show. It was not particulary well recieved .
- 00:06:10 Then he started inventing special tricks that the audience found exciting. He became extremly good at breaking out of handcuffs and chains.
- 00:06:29 And escaping from milkbarrels and sacks.
- 00:06:45 Sometimes he even did this while hanging in the air.
- 00:07:05 At times he even let himself beeing locked in a box and lowered into water. But Houdini always got out. People thought he was very mystical.
- 00:07:18 And Houdini became enormously popular. Nobody could understand how he managed to perform his tricks. Some believed that he was cheating, so they borrowed special handcuffs from the police and made Houdini escape from them. And of course he managed.
- 00:07:40 But not all of Houdidni's tricks was about escaping. Once he made a 10 ton elephant disappear.
- 00:07:56 Houdini also became known as the man who could withstand anything. This man hit Houdini hard in the stomach. But Houdini didn't go to the hospital. He continued to perform. One day he fell down on the stage and died. That was on Halloween. The spookiest day of the year.
