

CURLY HEDGEHOG

Music:

Composed By: Burak ÇAMBEL

01:02 There was a huge forest which was full of trees and far away from the noisy and higgledy-piggledy city. Forest inhabitants live there peacefully and happily. There was also a hedgehog family living in the forest. Father hedgehog and mother hedgehog had a boy named ‘Curly’. His name was Curly because his spines were curly. Curly spent his time watching other hedgehogs’ games. Other hedgehogs did not want to play with him because he was different. Curly was feeling very bad about it.

01:46 -“ I wish I had straight spines , then I can play with them” thought curly watching them apart.

01:57 Birds were announcing the sunrise. The forest as waking up slowly to a new day. Curly already got out and lied down over the green grass. He was watcing the sky and trying to guess the shapes of the clouds. He was so busy with it that he did not realise another hedgehog coming near. The hedgehog looked at curly. He could not understand what he was doing. He could not wait anymore and asked:

02:31 - “ What are you doing?”

02:35 Curly was surprised first when he heard the hedgehog’s voice. He stood up and:

02:39 -“ I.. , I.. ,I am doing..Hmmm well...
-“ Yes what are you doing?” replied the other hedgehog.

02:47 -“ Well, I am watching the clouds. If you want I can also show to you.”

02:54 Curly was hesitating a little while saying these since there was no one interested what he was doing till the moment. He thought that perhaps he would not give any importance. The other one did not care and said:

03:08 - “ OK What should I do?”
Curly was very pleased because of this friend coming suddenly.

03:17 -“ Now, do you see the clouds in the sky? These are not clouds actually for instance This is a rabbit with ears and a carrot in it’s hands. Also the next one coming is a turtle.”

03:33 Curly continued telling about them. At the same time the other hedgehog was telling his own characters. They were having such a good time that they could not understand how much time had passed. When the time had come the hedgehog said:

03:50 -“ Thank you for teaching me how to play cloud game. I had a very very good time. Are we going to play tomorrow too?”

- 03:59 Curly always wanted a playing friend and now there was one shaking his hand sincerely.
- 04:06 -“ Sure whenever you want.” Said Curly happily. Then added:
- 04:11 -“ Oh, I forgot to say, my name is Curly because of my spines.” With a sad voice.
- 04:22 -“ Yes I noticed when you say it. Your spines are really curly. My name is Şolo. Whatever; we will meet here tomorrow. Now I have to go.” said Şolo.
- 04:34 Curly looked behind his friend . He was confused with the words Şolo said. Sentences were repeating in his mind. How could’nt he recognize his curly spines at first sight. Whereas the others did not want to play with him just because of his spines. Şolo did not give importance to it.
- 04:56 Curly thought about the things he lived that day on the way home. That night stars were shining wonderfully on the sky because Curly had a new friend who also he did not care whether his spines were curly or not.
