

I Wish

Duration: 1:05'

I want everyone to love me
I want to have a name
I want to be taken care of
If I'm sick or if I'm sad
Because I want to grow

I want to know everything
I want somebody to teach me,
My family and my teacher,
To count and to spell too
And I want to have fun

To play, to sing
And to teach me to be free and to tell me the
truth

To play, to sing
And to listen when I talk and not
make me cry

But I also wish too
That all the kids of the world
Would have everything I wish
Because I want to share it too

To play, to sing
All of us kids in the world deserve a place

Let's all sing together
For all the kids in the world to have
a place for them too (for everyone?)

Let's all make sure we help
All the kids in the world
To have a place for them too (for everyone?)
