

It's My Family

Duration: 1:13'

Who is it?
Who took the thorn out
And bandaged my cut
Who dried my tears

Who is it?
Who played with me
And was my friend forever
Sharing my dreams

Who is it?
Who are they?
Who are they?

Who chased away my fears
And showed me that the ghost
Wasn't real

Who is it?
Who are they?

My family
They are my family
We are a family
