

I Participate

Duration: 1:06'

I would like to talk to you
I cannot listen to you

I want you to listen to me
I have to go to work

Please meet my friends
I do not have time to play

If you let me I will follow you and we can talk

I am part of this household
I am part of my school
I am part of this neighborhood
I am a part of my land
I would also like to listen to you

But you have to talk

Sharing words
We make a place for each other

If we break the silence, can listen to each other

With your part and my part
We are part of other part
Do not depart from your part

LETS PARTICIPATE

We are children of this house
We are children of the school
We are neighbours of the barrio
We are people
We are people

WE ARE THE PEOPLE OF THIS LAND!
