3.57 AT THE DENTIST

01:01 Alex is an ordinary little boy. He likes cartoons, toys and sweets.

01:13 But he has an aching tooth and his mom took him to the dentist's.

01:24 Alex was very frightened... "I'm sure a bad witch makes all this noise", he thought. He'd better leave...

01:47 When the witch showed up, she looked more like a fairy.

01:51 So Alex steps into the cabinet very bravely.

02:06 The chair is very comfortable... It's like in a plane.

02:12 The fairy looks closely at his teeth and finds the damage the sweets caused.

02:26 She tells him that she needs a "bee" that buzzes a little louder.

02:55 Then, she'll use a filling so that the tooth doesn't hurt anymore.

03:05 That's it. It's over... The fairy asks him to take care of the teeth and to wash them properly after every meal.

03:39 Before leaving, the fairy asks Alex to choose between an apple and a piece of cake.

03:45 Alex doesn't hesitate... The apple is the best: it's tasty and healthy for his teeth.
