

**About the series "So unfair!"
Erfurt Exchange 2007**

"So unfair" is a series of children documentary, 5x5 minutes produced for "The whole world-exchange" ERFURT.

The series reflects the unfairness in life based on a children perspective. Meet for example Zelma who is the youngest in her family and who has to go to bed exactly when all the fun things are happening. And Kalle who loves football but for the most of the time has to sit on the substitutes bench. The dog Jonna who must share the house were she lives with a petulant, independent cat that doesn't have to have a leash. But when all comes around is the unfair pretty fair and pretty good. Maybe even better!

So unfair Jonna

Jonna have recently moved into a house. A house with a cat. Not so easy for a small puppy. It is so unfair. The cat Siri can go anywhere she like, eats what she wants and teases how much she wants. The puppy Jonna has the walk with a leach and she has to eat dry feedstuff. But when it is time to sleep, there is only room for one in the bed. And whose place is that do you think....So unfair!
