

CHILDREN STORIES: "A Long Time Before Yesterday ... PORTRAITS"		
TIME IN	TIME OUT	SCRIP
00:00:00:09	00:00:05:10	Nowadays we can all take good pictures in any moment and place
00:00:05:17	00:00:09:00	With digital cameras and even with mobile phones
00:00:10:04	00:00:11:19	But once upon a time...
00:00:11:22	00:00:14:23	"The portrait" was a full ceremony.
00:00:15:18	00:00:22:09	People dressed in their best clothes. And wore their best shoes
00:00:22:16	00:00:31:01	Ribbons should be there. If it wasn't lace at home, they were made out of paper especially for the occasion.
00:00:31:24	00:00:35:05	The photographer would place each and everyone of them
00:00:36:06	00:00:39:24	as if they were about to put on a play
00:00:42:08	00:00:44:24	Background curtains were a must.
00:00:45:08	00:00:50:04	As the objects and toys that were prepared for the children.
00:00:51:03	00:00:54:00	But, why all these serious faces?
00:00:54:17	00:00:56:20	They say it is for two reasons...
00:00:57:00	00:01:03:08	The first one is because the picture took too long and they had to remain as still as an statues.
00:01:05:00	00:01:17:16	The other one, is because the photographer put his head inside a black hood which really scared them.
00:01:19:06	00:01:31:07	In those days the portraits were not filled in the computer but kept in gorgeous frames as a priceless family treasure
