

## **THE KESTREL - ERT**

### **SYNOPSIS**

Anastasia lives in Aegina, an island close to Athens. The Hellenic Wildlife Hospital is situated there and Anastasia visits it often.

One day, she finds a small injured bird in the garden of her house. After giving the first aids to it, she takes it to the Center for a proper treatment. There she sees many sick and cripple birds needing to be cared of. She decides to paint ceramics and sell them, so that the Center can be supplied with medicines and food.

Two months later the kestrel gets well and Anastasia participate for the first time to its liberation.
