

BREAD WINNER

- 10:00:25:00-10:0030:22** My name is Lama'a Omer Budair, twelve years old..
I am in the sixth grade.
- 10:00:32:13-10:00:39:00** My father started taking me with him when I was two
years old. I help my father and fish with him.
- 10:00:40:00-10:00:18** We sell what we get at the fish market and use the money
they give us to buy things and food for our family.
- 10:01:21:21-10:01:26:21** - Get me the parcel... Put the cover here.
Don't toss it in water...
Don't throw anything in water.
- 10:01:28:07-10:01:32:17** -Did you see a lot of fish, daughter?
-Yes. I saw a small group.
- 10:01:37:19-10:01:42:00** - Now I will stay in the sun to dry my clothes,
Then I will go in again.
- 10:02:07:15-10:02:09:11** We don't have time, we must leave.
- 10:02:17:13:-10:02:18:22** - I prepared all my lessons.
- 10:02:22: 14:-10:02:28:16** - Today we have six classes, what about you?
- Yes we have Arabic class.
- 10:02:29:16-10:02:36:20** -I pray to Allah that my father doesn't come to take me.
I want to stay with you for all classes. If my father takes
me, I will not be able to attend them all.
- 10:03:06:06-10:03:16:02** I 'am very good at school
Like other girls I would like
To pursue my study I really would like to be a doctor
- 10:03:23:19-10:0329:15** My father now goes with us to the sea but he is not capable as
before,

10:03:29:18-10:03:33:15 Because he has to rest upon doctor's orders. His role is becoming less..

10:03:34:09-10:03:38:20 He protects us, tell us what to do and the right way of conducting work.

10:04:51:22-10:05:02:22 When we go into sea, we have to find a suitable area where there are fish.
This takes a lot of effort and time.

But when we return with fish, we feel happy and satisfied.

10:06:08:13-10:06:20:18 - How many are there?
- 10 fish.
- Here you are.
- But we need the bucket.

10:06:23:05-10:06:32:04 The fish we get we sell at the fish market..
The money buys us things and food for our family.

10:06:57:03-10:07:07:03 My mother trusts that I will buy good vegetables at acceptable prices.. as if she has bought them herself.

10:07:09:00-10:07:12:14 This one is ok..
This is not ripe

10:07:32:21-10:07:39:21 Lets get some rest here.
We are tired of walking in the market.
I love this place so much.

10:07:40:02-10:07:59:22 - *There* was a mean mom.
- She gave her son five piaster.
-After some time he came back shouting: “mom, mom”.
-she asked him: “what is wrong?”.
-He said: “my father has died”. She replied: “oh..
-I thought you lost the five piasters!”
-Now it’s your turn.
-I don’t have any joke to tell.

10:08:27:05-10:08:36:04 I help my mom in the house as we are a big family.
Total is ten persons.
I help her because she can’t do every thing
by herself alone.

10:09:18:21-10:09:23:16 We use green here, the color of trees.

10:09:28:09-10:09:33:12 But this is a rose, maybe pink is better.

10:09:34:00-10:09:40:14 My father is thinking of taking me out of school to go fish with
him.

10:09:42:23-10:09:58:00 I don’t want to leave school,
I feel so sad when I see my friends in their way to school and I
go fishing.

I used to go for fishing in my spare time during
vacations and not on the expense of school.

10:10:36:10-10:10:43:18 -When you feel pain, it can be the start of a back-bone disc problem.
This requires full rest. It is the basic treatment,
after that we can use medicines.
You have to rest.

10:10:44:02-10:10:48:04 - Am I required to get rest and not carry heavy things?!

10:10:48:06-10:10:51:15 Sure, I fear that your pain develops into a serious problem.
Now you have to make an X-ray.

- 10:11:12:00-10:11:26:00** The doctor asked my father not to go into the sea.
I felt that I have to help my father more
because recently he used to get less fish
that are not enough to buy all we need.
- 10:11:32:05-10:11:44:12** I thought that I have to work more and more.
I started to skip school.
In the past I was working on vacations and days off.
Now I don't attend school but I go to fish instead of him.
- 10:12:03:21-10:12:10:09** -Today is the last day at school where will you spend your
vacation !!!
-At the sea fishing with my father
-I will travel with my father
- 10:12:10:12-10:12:33:12** - It is likely that I don't get back to school next year,
because my father is sick and I have to help him in fishing,
to be able to buy what our family needs.
Even if I don't come back,
I hope that our work conditions get better.
I will miss you so much.

- we will miss you too.

-We will come to see you at your house
or at the sea side.

END SCHOOL TERM

- 10:12:42:22- 10:12:56:20** I go with my father to the Society of Fishers
to get to know our rights and duties.
Members of the society always talk loudly.
They can't hear me because I am a little girl,
but I always pay attention.
- 10:13:21:13-10:13:38:05** I 'am trying to persuade my father
To rent the boat in the morning
Because I don't want to leave school
Although my family depends on me in fishing.

10:13:50:13-10:13:59:05

I have many friends
But I see them only at school
Or at the association parties

NEW SCHOOL TERM

10:14:37:10-10:14:45:08

-How are you doing? We miss you.
-We miss you too. Well done! You were successful?
-Thanks godness, my average is 85%.
-I passed too.

10:14:45:22-10:14:51:15

-

it is nice that we graduated to the next grade and met again.
-I miss you a lot... The school and teachers too.

10:14:52:08-10:15:07:08

I am so happy that I am back to school and pursuing my study.
Girls should have the chance to get education just as boys.
I say that after I have convinced my parents to practice fishing
after school.

THE END
