

Dear Colleagues,

Until 1 July 2008, you may enter your programmes into the 8 competition categories of PRIX EUROPA 2008.

We would especially like to draw your attention to a new award donated by Norwegian Broadcasting:

Episodes from radio series are for the first time admitted for PRIX EUROPA.

This includes all sorts of serial fiction productions, ranging from popular crime series and soaps to family sagas or fictionalised scientific, political or historic themes.

Original radio writing and serialised adaptations of novels or other forms may be entered.

As in the years before PRIX EUROPA also invites single Radio Drama programmes to be entered in the category Radio Fiction.

Details on the regulations, personal participation in the competition from 18 – 15 October as well as online registration forms you will find on www.prix-europa.de .

We are looking forward to your registrations for PRIX EUROPA!
