

Dreams, by Mohammed Soudani

- Tc: 01 58 05 Title: DREAMS
- Tc: 02 07 00 I am a fan of magic because it is a mysterious thing which takes time to discover and learn. If you believe in it, you can obtain great satisfaction. For example if the wind is pushing the clouds to cover the sun and you are playing outside and you don't want the weather to cool down, you think: please, wind, stop. And if by any chance after a few minutes the wind calms down it is already magic and a little mysterious.
- Tc: 02 44 00 When I want to speak with the wind I do like this...
- Tc: 02 50 02 When I close my eyes, I think: stop it, wind, you are spoiling a fantastic day for many, many people. Stop it.
- Tc: 03 05 22 My father is a gardener for a very large villa. My mother is a housewife. On Thursdays she works in a bookshop. My sister goes to school. She studies a lot and is very good in drawing. I do theater, aerobics, and I also draw a little but I am not so good.
- Tc: 03 34 00 The elf I am drawing is a she-elf living in the forest. She has longer ears than us, even if she is as tall as we are. Her name is Eliane. She has power of light and air and she worships the night, the moon and the stars.
I hope that one day we will see her in our wood, but probably we won't.
- Tc: 04 07 50 We would like to see them but if not, it is not a problem ...
- Tc: 04 21 21 We decided to form a group because Letizia is a classmate of mine and my sister Abigail is in the same classroom with Sara, so we are very close.
- Tc: 04 35 00 What is this?
- Tc: 04 39 13 Give it to me.
- Tc: 04 45 08 Let's go.
- Tc: 04 52 30 When we go in the wood to see the elves, we usually walk stealthily, without speaking. When they hear noises, the elves run away and you cannot see them.
- Tc: 05 07 00 They say only certain lucky people can see them because they have a special gift, a kind of special sight.
- Tc: 05 22 24 Sometimes we leave these flowers in the "thinking room" as an offer for the elves. We hope in that way to become friends with them so that we may see them.
- Tc: 05 36 10 We leave some of the flowers here and we bring some home.

- Tc: 05 46 30 Elves think human beings have become too selfish with the earth. They started destroying forests and building everywhere and sometimes they exploit nature in a wrong way.
- Tc: 06 04 21 Let's go, Letizia.
- Tc: 06 17 24 My father takes us with him where he works. There are some greenhouses with some plants that need constant monitoring. If it is too hot or too cold they die.
- Tc: 06 31 04 I like the most peculiar plants because they are strange, with different, magic colors and shapes and we must think they are also living things so we must take care of them.
- Tc: 06 55 50 My dream is to become an actress but not to become a star or something like that. I also like to dance because I can let off steam. And I like to draw because it makes me dream.
- Tc: 07 12 16 We are preparing "Pinocchio" for the theatre and I like all the imagination that the teacher put inside.
- Tc: 07 20 09 One must know that in the land of barn owls there is a holy field...
- Tc: 07 26 07 ... holy field.
- Tc: 07 27 24 ... known as the Field of Miracles.
- Tc: 07 30 19 ... Miracles.
- Tc: 07 32 01 Anaïs, don't follow him. You tell the story and he has to follow with the signs. Let's do it again.
- Tc: 07 40 03 I like when my teacher corrects me because I learn that way. He is also very nice. It is good to have a teacher like him. When you cannot do something, he shows you how to do it but it is very difficult to do it like him.
- Tc: 07 57 18 Beat the time. It is a very easy calculation... one, look at him, two and you start counting with your fingers.
- Tc: 08 02 11 Oh, it is very easy. Look.
- Tc: 08 09 00 Say something. Look2, 3, 25... 2500
- Tc: 08 21 20 Acting for me is like becoming another person. As if you entered inside a person who is coming out of a book, a novel or a fairy tale. The people mistake you with that character and you, in that moment, you feel you are him.
- Tc: 08 47 15 Be careful not to overact. If you really believe in it, you will be much more realistic.
- Tc: 08 56 00 It is a very easy calculation... wait a minute ... 2500

Tc: 09 12 30 So, how are you guys?
Not very good.
You were very good, I am very happy with your work. And now a surprise.... I will give you these entry forms for two different castings. One is for a fiction film and the other for a TV ad.

Tc: 09 36 00 We look for boys and girls for some small roles for the new film by Maurizio Sciarra.

Tc: 09 46 03 Be careful with the road. Good morning, bye.

Tc: 09 54 20 I like very much listening to music. I prefer the solo singers to the groups, like Avril Lavigne who plays good music and has a good voice and also Britney Spears and many others. Sara likes Duncan of the Blue. I don't like him because he looks like Brad Pitt. My sister calls him the son of Brad Pitt...

Tc: 10 2150 Brad Pitt has big jaws. Anyway the two resemble each other a lot even if they are not related.

Tc: 10 39 07 Did you play in theatre?
Yes.

Tc: 10 54 10 Anaïs.

Tc: 10 59 08 What's your name?
Anaïs.
How old are you?
11.

Tc :11 02 06 Can you describe your room to me?

Tc: 11 05 00 I have a bunk bed, a stereo , next to it there is a window and a dresser with something on it.

Tc: 11 17 50 What is the most beautiful thing in your bedroom?

Tc: 11 21 08 The stereo.

Tc: 11 22 50 Stand up please... turn the other side... look this way and tell me the sentence you said before.

Tc: 11 35 15 Sad or happy?

Tc: 11 36 01 In a normal way.

Tc: 11 39 17 Today I did a race and I finished second.

Tc: 11 42 00 Thank you, you can go. Bye.

Tc: 11 44 10 Bye.

Tc: 11 51 21 “Three weeks later”

Tc: 12 03 02 In the afternoon my mother told me that I had not been chosen for the film.

Tc: 12 10 21 It doesn't matter. There will certainly be other opportunities. I understood that to be able to do something you like, you really have to commit yourself. I want to learn acting so I will dedicate myself to it.

Tc: 12 49 21 We are getting ready.

Tc: 13 07 16 Attention... I leave it. I am a genius .. I did it.

Tc: 13 13 04 Very good.

Tc: 13 17 09 I add the elder flowers.
Good.

Tc: 13 24 02 We imagine the elves like those described in books. But if we have a chance to see them, maybe we will find out that they are small, ugly and green. But it doesn't matter. The important thing is to see them.

Tc: 14 49 50 To you, elves of the night, we offer you the night sky.

Tc: 15 33 00 Final credits.
